the goddess christianity new testament is an annotated translation of the new testament based on a public domain version and correcting misogynist mistakes such as having jesus referring to the holy spirit as he him or it when jesus who spoke hebrew or aramaic would always have referred to the holy spirit as she and her the goddess christianity new testament also uses genesis 1 27 to prove that the holy spirit is female the usual incorrect translation of genesis 1 27 where elohim a plural word eloah is singular is translated as a single male god instead of as the trinity genesis 1 27 so god created man in his own image in the image of god created he him male and female created he them correct translation of genesis 1 27 where elohim a plural word is translated as the trinity genesis 1 27 so elohim the trinity created people in their own image in the image of the trinity they created them male and female they created them and for the trinity to create people male and female in their own image there has to be at least one male and at least one female in the trinity that is at least one god and at least one goddess in the trinity in the trinity there is already god the father and jesus the son so by deduction the only remaining one the holy spirit is the goddess jesus was conceived by the holy spirit matthew 1 18 and matthew 1 20 and so the holy spirit is the mother of jesus and so the trinity becomes the family friendly mother father son goddess holy spirit the mother god the father jesus the son
