the gold coast is one of australia s premier tourism destinations a city cut out of coastal vegetation including paperbark swamps mangroves and rainforests of worldwide significance the gold coast transformed is a collection of integrated chapters identifying and assessing the environmental impacts of

the building of australia's sixth largest city from the time of the first timber getters through to the present the book traces the cumulative impacts of humans on the now world heritage listed rainforest and surrounding ecosystems the city's natural and engineered environments are both fascinating and vulnerable the construction of massive high rise apartment blocks on what were frontal beach dunes is one of the fundamental mistakes not to be repeated the book illustrates how and why major environmentally destructive development took place and discusses the impacts of such development on the gold coast's beaches wildlife and terrestrial and marine environments such as the destruction of riparian mangrove forest the gold coast transformed also shows the possibility of sustaining natural populations and reducing the city's ecological footprint it will be of interest to ecologists environmental scientists and managers town planners economists policymakers and the general public

how do tv shows vending machines chinese taxi companies and a former uk prime minister point to a gold bubble that is about to burst many investors consider gold a safe haven that will shelter them from recessions falling markets and the depreciating value of currency many fail to realize however that investing in gold at these levels is extremely risky we buy gold stores line busy streets gold miners are no longer protecting themselves from a potential drop in prices and gold is even being sold in vending machines all this points to one thing a gold bubble has formed and will collapse very soon hurting investors funds and banks in gold bubble profiting from gold's impending collapse yoni jacobson looks at how you can protect yourself presenting an in depth analysis of gold dating back over a hundred years the book explores the structural factors that have allowed gold to form a bubble why an investor psychology of fear and greed is leading to extremely speculative behavior why gold will fall during an upcoming recession what effect the dollar and the stock market will have on the future of gold prices and how to profit from a gold collapse while the majority of investors lose out there are plenty of warning signs that gold is about to decline and this book will help you to get ready gold bubble is the only book to argue that a gold bust is coming going head to head with the herd mentality filled with practical advice on how to protect yourself and even profit from gold's collapse by being prepared for what's ahead with gold prices up over 2 500 percent since 1970 and more than 600 percent since 1999 a bubble has formed and is on the verge of bursting but until now no one has been willing to publicly bet against the universal currency with gold bubble you are ready to meet this challenge head on and take advantage of what other investors won't even acknowledge
